### **DETAILED ACTION**

1. Applicant's election with traverse of Group I (claims 1-3) in Paper No.6, filed on August 23 2001 is acknowledged. Applicants' traversal that inventions II and III are specific embodiments of the method of invention I is persuasive, therefore, inventions of Groups I-III will be examined together.

Claims 8 and 9 have been canceled. Thus claims 1-7 and 10 are pending and under consideration.

2. Drawings have been approved by the draftsman.

#### ***Specification***

2a. It is noted that this application appears to claim subject matter disclosed in prior PCT Application No. PCT/US98/24806 filed on 20 November 1998, now WO 99/26648 issued on 3 June 1999. A reference to the prior application must be inserted as the first sentence of the specification of this application if Applicant intends to rely on the filing date of the prior application under 35 U.S.C. 120. See 37 CFR 1.78(a).

It is suggested that below the title of the invention be inserted:

Cross Reference to Related Applications

"This Application is a 371 of "WO 99/26648".

Appropriate correction is required.

2b. This application does not contain an abstract of the disclosure as required by 37 CFR 1.72(b).

An abstract on a separate sheet is required.

***Claim Rejections - 35 U.S.C. § 112***

Art Unit: 1647

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 4-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3a. Regarding claim 4, the phrase "characterized" renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

Claims 5-7 are vague and indefinite so long as they depend on claim 4 for the limitation set forth directly above.

***Conclusion***

claims 1-3 and 10 are allowable.

Claims 4-7 would be allowable if they are amended to overcome the rejection under 35 U.S.C. 112, second paragraph.

***Prior Art***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
